

# 07 Crystal Pearls

Crystal Pearls are a perfect replica of genuine pearls. Made of a unique crystal core covered with an innovative pearl coating, these pearls possess a flawless, silky smooth, rounded surface. Crystal Pearls are available in a variety of shapes and sizes as well as in an extensive color range. They are delivered loosely threaded, with the exception of article 5810, which can be knotted if desired. As loosely threaded Crystal Pearls are not suitable for all purposes, we recommend the knotted format for some types of application in order to avoid any wear on the thread.
